Mr. Njemanze,

On December 12, 2005, we received your response to the first Office action, and your cover page indicated that new claims were included. However, I received at my work station only the pages striking through the claims, not the new claims.

Therefore, can you please resend by fax or E-mail attachment, the new claims.

My direct fax is 571-273-4767 and my E-mail address is roy.gibson@uspto.gov.
